Dear Sir:-

In reply to yours informing me that I had been elected a member of the American Numismatic Society will say that Mr Tow spoke to me and I stated that sometime I would be pleased to have him present my name but had no idea that he would do it at once - I am so situated that I can give practically no time & in fact doubt my ability to devote time sufficient for a visit to the Society ~~by~~ even this year - I have delayed writing you as I wished to see Mr Tow but this will explain delay -

Respectfully

My dear Mr. Low:-

I enclose a letter that I received some days ago from Mr. Imhoff. What can we do about it?

Please return it to me when you are through with it.

Very sincerely yours  
Dorment D. D. D.

I very much regret the "change of heart" of another gentleman who consented to have me propose him for membership. There was nothing presuming on my part, neither was there any misunderstanding, all was in plain English and distinctly articulated.

Dear Mr. Low:-

A year ago, you proposed Mr. Charles H. Imhoff for membership in the Society, he was duly elected, and declined, therefore his name was dropped.

I saw him yesterday and he informed me that he is now ready to become a member; as you proposed him originally, I will present his name on Monday evening, as nominated by you.

If this is satisfactory to you, will you kindly sign the enclosed form of nomination and return it to me?

With kind regards, and hoping to see you on Monday evening,

I am, believe me,

Very sincerely yours

Recording Secretary.

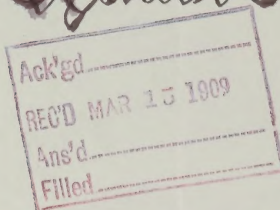

My dear Mr. Belden:-

It occurs to me, that as the gentleman failed to qualify under my proposal, it would be presuming on my part, to sign an application when his renewed or revived consent was secured by another.

Dear Mr. Imhoff:-

Your letter, which came to hand yesterday, was a decided shock, there are many members whose value to the Society is just the amount of the dues they pay in, and no more, and when these resign, as they occasionally do, we can view the matter with serenity, but in losing such a member as you, the loss of revenue is the smallest part of it, and I hope you will think it over and decided not to cut loose from the Society entirely.

If you do not wish to continue as a member why not become an associate member at the end of the current year, which will reduce your annual dues to five dollars.

Hoping that you will give this your favorable consideration, and with kind regards, I am,

Very sincerely yours,

Secretary.

Dear Sir:-

The Annual Meeting of The American Numismatic Society will be held Saturday afternoon, January 20th, at which, according to our By-Laws Chapter VI, Article 3, the Chairman of your Committee will be called upon to present a report in writing concerning the activities of your Committee. This Annual Meeting is the first one since the inauguration of the new regime. We therefore wish to make the meeting an eminently satisfactory one to our entire membership. Nothing can be accomplished without the whole-hearted co-operation of all.

The staff in the Society's Building have devoted their energies and time to the furtherance of the Society's affairs and interests. The Society now looks forward to receiving a report of your Committee.

Seven months ago at the Spring general meeting of Committees, minute books and suggestions were furnished each Committee. If you have nothing definite to report, refer to your minute book and at least give us a digest of your minutes and discussions. Perhaps your report has already been drawn up. In any case we would ask you to hand it in not later than the thirteenth of this month in order that we may be aided in the arrangement of the programme of the Annual Meeting.

If you are the Chairman of your Committee, please turn your attention to this matter at once as it is imperative that a written report be presented at the coming meeting.

If you are not the Chairman, will you not get in touch with him immediately as the time remaining is very short.

We wish to emphasize again that all the resources of the Society - everybody and everything in the building - are at your immediate disposal.

Can we help you ?

Your Committee is composed of

Mr. Albert N. Frey, Chairman, P. O. Box 1875, New York City.

Mr. Moritz Wornasser, 95 Fifth Avenue, New York.

Telephone, Stuyvesant 3360.

Mr. Rudolph Kohler, 70 Fifth Avenue, New York.

Dear Sir:-

I am in receipt of your letter of October 18th, 1917, and am sorry to hear of the death of Napoleon.

I also note that you would like a copy of the collection of correspondence which is bound in salt morocco. We have no more copies, but we could have this done for you and will think to do it if possible. The book would probably be between the binding in the end of the salt. However, if you would yourself send it to Newark, N. J., there would be less delay in your receiving it, and they are the people to whom it should be sent if we had it done.

If you do not care to take the trouble to do this, and do not wish the binding done, please advise us to that effect. I will then have one of our copies here bound up, and in making of the same copy you can have the book bound in the same material. I regret that our situation was not more explicit in this regard.

Trusting the above will prove satisfactory, I am,

Yours very sincerely,

Mr. Charles H. Inhoff,  
Hopewell,

Dear Mr. Inhoff:-

Under separate cover I am having sent you a bound copy of Frey's "Dictionary of Numismatic Names". You will recall that you asked me earlier in the year whether you could secure a bound copy. I offered to have one bound for you when our Library binding was done. The cost of binding the present copy was one dollar and eighty-five cents; postage eight cents, making a total of one dollar and ninety-three cents. If for any reason you do not like the form of this bound volume, you may feel no hesitancy in returning it as I can find a use for it. If however it is satisfactory, kindly send to me your unbound copy together with your cheque for the above amount.

Trusting this will be satisfactory, I am,

Very sincerely yours,

Dear Mr. Noe:- (Metapontum Coins Loaned)

Replying to yours of the 20th will say that I am enclosing with this letter nine coins of Metapontum, which are placed in envelopes numbered from one to nine. I would appreciate it if you would keep them in their respective envelopes, or at least return them to me in these so that I can return them to their respective and proper receptacles.

I am not so sure of any other issues placed, and in reply to this will say that I think there are one or two others in the collection but it was not possible for me to take time to go over them this morning. If I find one or two more, and I owe to send them back, later, I shall be glad to forward them to you.

Please acknowledge receipt of the above, and return

Dear Mr. Imhoff:-

I have to acknowledge your letter of March 1st together with the nine coins of Metapontum which arrived in the same package. Thank you very much. I am very glad indeed to have them, and one of the pieces is of a comparatively rare type. Mr. Wood has pointed out something which you may know - that two of the pieces are electrotypes. One you secured from Doyre of France, the other from the Heath Collection.

As I proceed with my work on this series I shall make some brief notes on each board which can be inserted in the envelopes, and which will give you the benefit of what I may learn further about the types represented by your pieces.

With warm appreciation of your kindness in loaning these pieces for my study, I beg to remain,

Very respectfully yours,

Mr. Charles Inhoff,  
Hopewell, New Jersey.

Dear Mr. Inhoff:-

In working with the estimate Heteropontus, you will recall that you so kindly loaned me a few pieces from your collection.

I wrote to Spink and asked them to send me the pieces they had from this High and they are now here. They are a very interesting lot and I am wondering whether you would care to see them. The prices asked for them are fairly high but if you have an opportunity to see the lot in the near future, I think you would be interested in looking them over.

Mr. Howell is taking care of the pieces and now of two of our other species and is leaving. We should be very glad to see you if you had time to come here.

Very respectfully yours,

Secretary.

Mr. Sydney P. Noe, Secretary,  
The American Numismatic Society,  
Broadway & 155th St.,  
New York City.

Dear Mr. Noe:-

Responding to yours of the 26th, will say that I thank you for calling my attention to the coins of Seta-pontum and regret that I will not be able to come over and see them. My time is most fully taken up and as a matter of fact I am not especially interested in ancient coins. Those I possess I have picked up at odd times and not because I was making a specialty of them.

If not imposing upon your nature, I would thank you when returning these of mine which you have, if you will give me definite advices about two of them which you seem to think were contemporaneous or questionable in some way. These of course I shall want to get rid of immediately.

Very truly yours,

July 11, 1919.

C. H. Imhoff, Esq...  
Hopewell, New Jersey.

Dear Mr. Imhoff:-

In response to your letter of the 28th, I am returning your coins herewith. I beg that you will accept my warmest thanks in your courtesy in having permitted me to study them.

The pieces which Mr. Newell and Mr. Wood both agreed are electretypes are those numbered 2 and 5. Number 2 is the so called head of Leucippus of which your number is a genuine very good specimen. Number 5, the Nike Head, would be a very valuable piece if it were an original you can see the points of the electretype however, if you will look at the edge closely.

Number 3 is a very interesting piece - a salamander head occurs at the left as it is here and this is the only specimen I have seen of its type. Number 6 is of the earliest type and a characteristic specimen.

I have made casts of these pieces and I think you will be interested in seeing the other casts I have when next you come to the Museum. With renewed thanks for your courtesy for placing these coins at my disposal, I am

very respectfully yours,

Secretary.

Dear Mr. Noe:-

Just a line to express my appreciation and thank  
you for your letter of the 9th regarding the American  
Journal. After thinking the matter over, I have concluded  
not to buy the same at this time.

With kind personal regards to yourself and associates,  
I am

Charles H. Imhoff, Esq.,  
Hopewell,  
New Jersey.

Dear Mr. Imhoff:-

As you doubtless know, the number of our Fellows is limited to one hundred and fifty, and we can only promote our Associates to the class of Fellows when there is a death or resignation. Such a vacancy now exists, and I beg to enquire whether you would care to have me present your name to the Council as a Fellow. If you concur in this invitation, your name can be presented at the February meeting.

Very respectfully yours,

Secretary.

Dear Mr. Noe:-

Yours of the fifteenth regarding a promotion from Associate to the class of Fellow, has been received and in reply will say that I thank you for calling it to my attention, but I would not care to act upon the same at this time.

I want to compliment you upon the recent monograph issued by the Society which is an entirely new and very gratifying innovation.

With best regards, I am
